How We Can Help

Foulkeways is ready to partner with you to help structure your giving and recognition goals. Gifts of all sizes are appreciated and welcomed. As you consider your gift we hope you will be as generous as your circumstances permit. If you prefer, your gift may be anonymous.
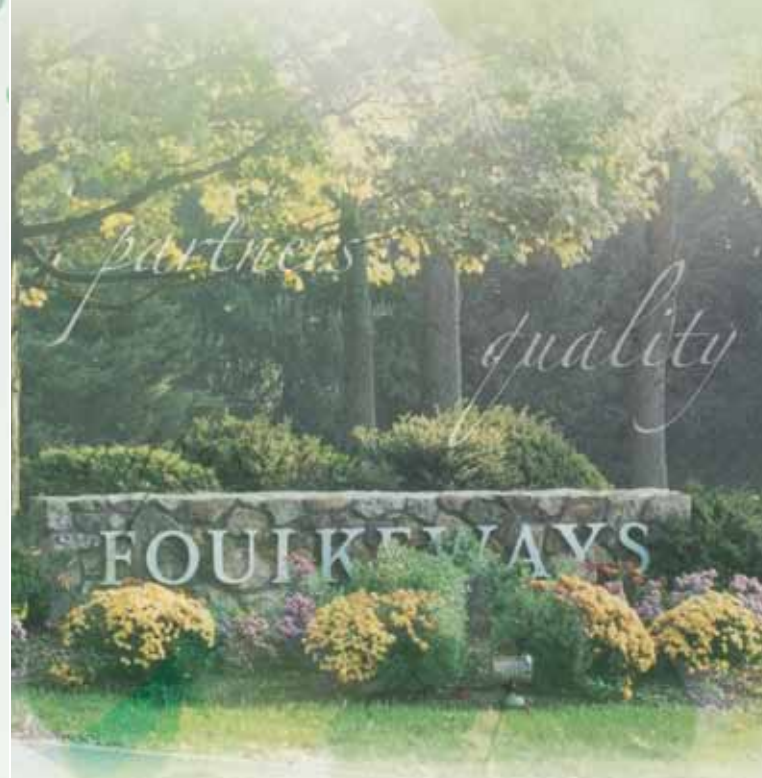

Gifts to Foulkeways will provide an important resource to enhance the quality of life for our residents. Foulkeways at Gwynedd has been designated as a not-for-profit organization by the Internal Revenue Service, making your gift to Foulkeways tax deductible as permitted by law. Donors with questions about tax deductibility are urged to consult with a professional financial advisor.

The mission of Foulkeways is to provide comprehensive services for seniors based upon Quaker Principles that promote independence, innovative living, respect, security & choice.

The Campus Renewal Funds

Campus Renewal Funds
Building on Strength ~ Shaping the Future

As we reflect upon our first 42 years as the first Continuing Care Retirement Community (CCRC) on the east coast, we are committed to looking ahead in ways that will help sustain the many special qualities that we have come to value in this remarkable community. This is, indeed, a time in which we are called upon to help shape the future of Foulkeways.

Financial support will make it possible to continue to adapt the campus to the needs of new generations and maintain our sound fiscal health. The support of philanthropic partners will enable Foulkeways to continue to fulfill its Mission and remain competitive in all economic and social climates.

To ensure that our campus continues to be maintained at the highest levels of quality and safety, significant capital will be needed to support an ongoing program of timely, cost-effective improvements. Gifts to the Campus Renewal Fund may be directed to projects including the following priorities:

• **Green Foulkeways Fund:** The ability to incorporate green technologies and energy-efficient, earth-friendly building designs will enable Foulkeways to provide a gracious and comfortable campus while minimizing the impact on our environment. The adoption of green technologies, once begun, will be an on-going process of utilizing alternative energy resources, energy efficient building materials and environment-friendly living space strategies, whenever possible.

• **Land Acquisition Fund:** Foulkeways has had a long and successful history of land acquisition. Over the years, acquired properties have been incorporated into campus life, often adding to the range of residential options. In addition, such acquisitions have helped to prevent the negative impact that over-development of adjacent properties would have on the culture and atmosphere at Foulkeways. Whenever appropriate, and when consistent with our Mission, we will continue to review, evaluate and purchase properties and land as the opportunities arise.

• **Capital Improvements:** Maintaining a modern campus requires regular investment in capital replacement and renovation. Foulkeways will accept donor-designated gifts for current or future capital replacement or renovation.

• **Landscaping and Grounds:** Foulkeways is committed to maintaining extensive green spaces, including gardens, trees and open areas. Foulkeways will continue to make the investments that will be needed to preserve and further improve our campus environment.

During our first 42 years, through our commitment to innovative and insightful programs and services, Foulkeways has set the standards for excellence for other CCRCs to follow. We now have the opportunity to foster and safeguard this legacy through philanthropy. By providing philanthropic support, the present generation of residents, Board members, staff and extended community members can help ensure future generations of residents the same satisfying and secure lifestyle that have become synonymous with the name "Foulkeways".
