

Cottages

(Approx. 1,750 – 3,000 sq. ft.)

Each of our 11 cottages located on our campus is unique. Some are two bedrooms and others are three bedrooms; most are two story designs and include garages. We've included a sample of one of our distinctly charming cottages above.

Should you be interested in living in a cottage when you move to Foulkeways, you will be notified whenever one becomes available. You can then decide for yourself if you wish to pursue occupancy, based on the unique design.

Additional features included in most cottages:

- Two car garage
- Basement
- Large patios and decks
